FRIDAY MORNING, JULY 14.

Good Onder.—Yesterday was the third day which has passed without a trial in the municipal court, During that time not a single violation of the city ordinancee has occurred, that has come to the knowledge of the official author- M'CLELLAN & KNOX ities. Those who violate the law, and endanger the peace of the city, have confined their operations to the dark hours of the night, when there was no officers to take cognizance of their evil deeds. The crowd which lately thronged our streets has disappeared, and now there seems to be no disturbing element to disturb and mar the peace and har mony of the city, save the loafers and loungers, who are too idle and lazy to earn an honest living, and who subsist by preying upon their more industrious neighbors. Considering our population, we have but few of these trifling and worthless drones, and we firmly believe, that an efficient night police would rid us of this worthless class, which is the curse of every community, and who only live by robbery, riot and murder. During the day they loaf on the street corners, and at night pursue the voca-tion of the burglar and robber. The termination of the war has turned loose the bummers and cut-throats, who followed the armies, only to rob the dead which will be sold LOWER than the SAME and plunder the living. These men qualifies can be bought in PHILADEL-now seek the cities as suitable places to ply their vocation. Let citizens and officials keep a watchful eye on the loafers, who only live by robbing the industrious portion of the community. In Wheeling they are but few, and easily recognized, and if a watchful eye is kept upon their movements, the nuis ance will be speedily suppressed.

WEST VIRGINIA REGIMENTS,--But few of the West Virginia troops are now remaining in the service. All have been mustered out except some two or three mustered out except some two or three cline. Now's the time to buy. Save your constant of the decline. Now's the time to buy. Save your constant of the decline. of the veteran regiments. The first veteran cavalry is the only regiment remaining in this city. It has been mustered out and will probably be paid today or to-morrow. It is reported that the second veteran infantry, which was ordered to the Kanawha, has received a later order, directing them to remain at Parkersburg, and prepare their rolls and papers for discharge. The report however, is not official, and we do not youch for its correctness. But we think the probabilities are that all the troops in West Virginia will be mustered out or transferred to other localities.

On the 4th of July, Mr. Wm. Post, of Coal and Wood Cooking Stoves, McConnellsville, Ohio, was robbed of \$15,000 in the Union Depot in Cleveland. Mr. Post had recently bought the Parmelee property in Painesville, for which he was to pay \$30,000. He was on his way, accompanied by his wife, from McConnellsville to Painesville, to take possession of his purchase, and in going from the Southern train to take his seat in the train on the Lake Shore ARCHES & GRATES, COMMON GRATE road, he fell down in an appoplectic fit. He was helped up by two or three strangers, and during the excitement a THRESHING MACHINE CASTINGS, AND SAW package of money, which he had in his inside vest pocket, was taken from him. The money consisted of fifteen \$1,000 greenbacks, and was contained in an

Ar the recent term of the Brook Co. Circuit Court, a very important case, in which J. & W. J. Lafferty were plain-tiffs and the Baltimore and Ohio Railroad Company defendants, was decided. The verdict of the jury was in favor of the plaintiffs, and gives them \$12,417.78 with interest from April, 1852—the whole sum awarded to the plaintiffs amounting to \$21,000. The suit is one which has been pending for the last thirteen years. The plaintiffs were contractors on the Baltimore and Ohioroad, and at the time the difficulty be gan sued the road for debt.

OIL.-We are reliably informed that oil in paying quantity has been struck by the company operating on Harding's Run in our neighboring county of Hancock, near what is known as the Old Mill. The depth at which the strike was made is given at one thousand and sixty feet. This, if correct, as we believe it to be, is another evidence that to find oil in this region, it is necessary to go very deep, but that at a certain Religious Book House! depth it is almost invariably to be

United States Court.—The court is still engaged in taking the testimony in Prayer Books and Hymn Books, UNITED STATES COURT,-The court is the evidence in the case is written out by a reporter, who takes down questions and answers verbatim as they are uttered by counsel and witness. The amount involved and the legal talent employed gives to the trial more than an ordinary degree of interest. From present indications we are led to believe that the final decision will not be reached for several days.

Russell, arrived, and will leave again this evening, at five o'clock at mars and REED, KRAFT & CO'S and REED, KRAFT & CO'S. for Cincinnati. SYMPTOMS:

The Symptoms of Catarra as they generally appear are at first very slight. Persons find they have a cold, that they have frequent attacks, and are more sensitive to the changes of temperature. In this condition, the nose may be dry, or a slight discharge, thin and acrid, afterwards becoming thick and adhesive. As the disease becomes chronic, the discharges are increased in quantity and changed in quality; they are now thick and heavy, and are hawked or coughed off. The secretions are offensive, causing a bad breath; the voice is thick and nasal, the eyes are weak; the sense of the smell is lessened or destroyed; deafness frequently takes place.
